PrintXpress

DESIGN GUIDELINES

Follow these tips so your order prints exactly as you expect.

1. **File format**
   We accept PDF, AI, PSD, JPG, PNG and TIFF files.

2. **Color mode**
   Use CMYK color mode for accurate print results.

3. **Resolution**
   Minimum 300 DPI for high quality printing.

4. **Bleed and margin**
   Add 3mm bleed on all sides and keep important content 5mm away from edges.

5. **Fonts**
   Convert all text to outlines or embed the fonts.

6. **File size**
   Maximum file size is 100MB.

7. **Helpful tips**
   Check your file before uploading. We are not responsible for low quality files.
